

<b>Technical Data Sheet</b>	Product Name <b>TPE compounds</b>
	Product Type <b>TPE F2</b>
	Product Grade <b>10908WHA</b>

### Product Description

10908WHA is a thermoplastic elastomer based on polyolefin raw materials. The product is designed for continuous compression molding and specially formulated for using as a gasket material in aluminium closures.

### Typical Application

test  
  
test

### Product Characteristics

test

### International Compliance

test

### Physical Properties

Properties	Test Method	Typical Value	Unit
Elongation at Break	JIS K6723	608	%
Tensile Strength	JIS K6723	132	kgf/cm <sup>2</sup>
Hardness	ASTM D 2240	39	Shore D

**Note:** • The given values are typical value measured on the product. Values herein are not to be constructed as a product specification.

## Processing Guidelines

### Product Technical Assistance

For technical assistance or further information on this product or any other SCG Chemicals' products, contact your SCG Chemicals technical services at the address as specified below.

## Product Available Form

- Pellet
- Pallet test
- White powder
- Fine Particle
- Natural pellet

## Product Packaging

- 25 kg stretch wrap palletized
- 750 kg big bag
- Sea bulk container
- 100 KG

## Storage

- Store in original container in tidy according to the manual of Handling and Storage from TPC Paste Resin Co., Ltd.
- Product(s) should be stored in dry and dust free location at temperature below 50 °C and protected from direct sunlight and/or heat, well-ventilated area, away from incompatible materials and food and drink, as this may lead to quality deterioration, which results in odour generation and colour changes and can have negative effects on the physical properties of this product.
- Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabelled containers. Use appropriate containment to avoid environmental contamination.
- The storage area should be stable and not be slopped.

## Safety

- The product is not classified as a hazardous material.
- Please see our Material Safety Data Sheet for details on various aspects of safety, recovery, and disposal of the products; for more information, contact your SCG Chemicals technical services.

### Recycling

- The product is suitable for recycling using modern methods of shredding and cleaning. In-house production waste should be kept clean to facilitate direct recycling.
- Please see our Material Safety Datasheet for details on various aspects of safety, recovery and disposal of the products;  
for more information, contact your SCG Chemicals technical services.

### Related Documents

- The latest version of this document will be available at our website, [www.scgchemicals.com](http://www.scgchemicals.com), or can be obtained from the SCG Chemicals technical services.
- The following related documents are available on request, and represent various aspects on the usability, safety, recovery and disposal of the product.
  - Safety Data Sheet
  - Declaration of Compliance

### Disclaimer

- The Applications specified herein is for reference only.
- It is customer's responsibilities to inspect and test the product for suitability of the customer's own use and purpose. The customer is responsible for appropriate, safe, legal use, processing and handling of the product.
